EXPERIENCE

Kviation
Marketing, UX Designer

June 2020 - Present

- Designed and mocked up new screens for the Android app. I redesigned the screens to adopt the Material Design system, and addressed long-standing usability issues.
- Created the advertising screenshots, and collaborated with the developer to create the App Preview video displayed in the App Store.

IBM
Information Developer

July 2004 - January 2010

- Wrote technical documentation for enterprise hardware and software.
- Produced documentation using Darwin Information Typing Architecture (DITA), an XML-based format for generating HTML and PDF documents.
- Repaired broken builds by verifying that the HTML tags were correctly labeled.
- Ensured that my department's procedures conformed to ISO standards.

Copper Country Intermediate School District
